

**Genion**

**intralot**

# Compact and multi-functional

**Genion** is a “made-to-fit-everywhere” terminal, capable of both wired and wireless connectivity. Thanks to its significant small size and featherweight, it may be placed practically anywhere, on a shelf, counter top or even wall-mounted.

Featuring an integrated barcode reader and touchscreen, Genion is more than a ticket checker. It is a multi-purpose customer-facing terminal and payperless access point for players.

**Featuring an integrated barcode reader and touchscreen, Genion is a multipurpose mini terminal that offers a unique blend of options, services and performance.**

- ▶ Integrated barcode reader
- ▶ 7” Adjustable Touchscreen for increased ergonomics
- ▶ Multi-purpose:
